I offer my respectful obeisances unto the lotus feet of my spiritual master, His Divine Grace A.C. Bhaktivedanta Swami Prabhupāda, who is very dear to Lord Krishna, having taken shelter at His lotus feet.

Our respectful obeisances are unto you, O spiritual master, servant of Sarasvatī Gosvāmī. You are kindly preaching the message of Lord Caitanya and delivering the Western countries, which are filled with impersonalism and voidism.

Dear Śrīla Prabhupāda,

Hare Kṛṣṇa, Please accept my humble obeisances. All Glories to Śrīla Prabhupāda.

To day we are celebrating this very most auspicious day of our lives, the turning point from this sufferings of untold miseries that we have been going through perpetually for umpteen number of life times. We are not sure how much piety that we must have done to able to come in contact with you Śrīla Prabhupāda.

You have descended into this planet especially to help save many a fallen souls like us for which otherwise we cannot imagine the kind of disastrous catastrophe that would we awaiting us if we had not met you timely, as we would then be destined for many more millions of birth of untold sufferings going through millions of species, wondering aimlessly in the cycle of birth and death.

It is even said

*brahmāṇḍa bhramite kona
bhāgyavān jīva
guru-kṛṣṇa-prasāde pāya bhakti-
latā-bīja*

”According to their karma, all living entities are wandering throughout the entire universe. Some of them are being elevated to the upper planetary systems, and some are going down into the lower planetary systems. Out of many millions of wandering living entities, one who is very fortunate gets an opportunity to associate with a bona fide spiritual master by the grace of Kṛṣṇa. By the mercy of both Kṛṣṇa and the spiritual master, such a person receives the seed of the creeper of devotional service.”

Dear Śrīla Prabhupāda, you are a very dear servant of Kṛṣṇa that Kṛṣṇa has empowered to deliver many sinful personalities like us. It is almost forty three years since you left us but your instructions are very vibrant, very enlightening and moreover very potent saving many a souls to date and it will do so for the next 10,000 years to come without any doubt.

You are truly the ācārya for this Kali-yuga having descended to broadcast this Vedic teachings to the people throughout this world to every town and village. You are this great personality as predicted by Śrīla Bhaktivinoda Ṭhākura our great predecessor ācārya in our paramparā.

Your compassion clearly confirms of how great a devotee you are. Having laboured untirelessly to bring the most profound transcendental Knowledge of the scriptures to humanity to awaken them to the real purpose of human

life to develop love of Kṛṣṇa. In the process you sacrifice everything, your health, wealth and all of your material comforts. This shows of your true love for the suffering living entities.

Another aspect of your spiritual dynamism is you showed how to apply Kṛṣṇa consciousness into this modern world. You used all of the available means of modern technology to spread Kṛṣṇa consciousness rapidly and very widely to almost every nook and corner of the present world. From the very beginning you used computers and tape recorders to record all of your divine instructions which we are presently utilising to our advantage in spreading your valuable teachings throughout with very modern high tech gadgets through many social media platforms at lightening speeds as great paṇḍitas.

You have introduced many seemingly unprecedented system for furthering this Kṛṣṇa consciousness which overtime we can see how they are very relevant and justified like the Ṛtvik system of initiation, giving initiation by mail, etc. without which it would be practically impossible to expand Kṛṣṇa consciousness throughout the whole world. Owing to the lack of faith and this understanding many have questioned your legitimate position as the ācārya sampradāya in the paramparā in your ability to adjust the preaching according to time, circumstance and place for the next ten thousand years to come.

You also forewarned us to become self sufficient in our sustenance and not to depend on others. This we are presently realising how true are your words as we can see how vulnerable we are living in the cities and seeing its hazardous conditions. No matter how comfortably we lived in the cities with all its amenities just by an attack of some virus we are practically destroyed, all of our so called material advancement, in technology, science, medicine, etc, etc is all brought to naught and we are all totally bewildered. This is just only the very beginning of this most fallen age, Kali-yuga.

All this comes to show of your true position of being a very very dear servant of Lord Kṛṣṇa with all the foresights and the solutions to the endless problems of this material world one after another. You have set the precedent to follow for the next ten thousand years to come. We need not foolishly try to change or reinvent ourselves to stay relevant, we need only to stick very dearly to your divine instructions to the letter to safely cross over all obstacles and succeed spiritually.

Only by being able to recognise this and totally surrendering to your divine lotus feet are we then able to very easily overcome all these hinderances and obstacles without fail only by your divine mercy otherwise failing to accept them we will surely be doomed.

Dear Śrīla Prabhupāda, we are continuously praying to you to please help guiding us to your divine lotus feet the only safe place for the most fallen and wretched souls like us.

Hare Kṛṣṇa All Glories to you Śrīla Prabhupāda.

Your most fallen soul,
Sundar Gopāl dās

Tattvavit dāsa

Dear Śrīla Prabhupāda,

What would have happened
if you did not grace
This dismal world
where we are totally out of
place?

If you did not weave
your transcendental magic,
Our lives today
would have been absolutely
tragic.

You served your master's order
with sheer resolve,
With humility that would cause
our pride to dissolve;
This inspiration
has been brewing in my heart,
I was praying to be able
to serve at least a small part.

“To boil the milk”
was your essential instruction,
It is prudent to strengthen
the devotees' conviction;
With all the training
I have received so far,
I wanted to serve
devotees both near and far.

Last year,
I had made a pretty bold claim
And received a great deal
of undue acclaim;
But being dumb and lame,
I was not at all game,
So by Kṛṣṇa's will,
the lockdown finally came.

With all distractions gone,
It was time for a divine marathon;

The path now
was smooth as silk
For me to finally
“boil the milk.”

That was the break
I was always looking for
To address devotees' worries
at their very core;
Once they become fixed up
in their service attitude
They will conquer any hurdle
with remarkable fortitude.

Facebook live streams
brought the devotees close
And enabled us to answer
the questions they pose;
For months, we spoke
at very great length
And devotees rose
from strength to strength.

Bhaktisiddhānta Ṭhākura
glorified the printing press
For books effectively broadcast
Kṛṣṇa consciousness;
Well, the smartphone of today
is a broadcasting station,
With social media,
we can instantly reach
every single nation.

Kṛṣṇa, with the lockdown,
gave the initial nudge,
But the next time around,

He will not budge;
Kṛṣṇa's special help proves
that our service is poor,
We should endeavor hard
although He is the doer.

Recently proclaimed
a devotee from ISKCON
That in twenty years' time,
the Ṛtviks will be gone;
Well, that just set a new target
in my mind
That by 2040,
we should be the only ones
people can find.

I'm not saying it's an easy task
by any measure,
But our lives are dedicated
to Prabhupāda's pleasure;
So we cannot waste time
in meaningless leisure,
But consider this service
as our utmost treasure.

With our sādhana strong
and endeavor long,
We have to right
what has gone wrong;
Śrīla Prabhupāda's mercy
will shine all along
As long as we dance
to his divine song.

We also have to restore
Śrīla Prabhupāda's dynamism
By thoroughly defeating
impersonalism and
materialism
And show that Kṛṣṇa consciousness
is always relevant
Although the materialist may find
its flavor pungent.

Doing people-pleasing talk
is to dig our own grave,

In order to faithfully preach,
we have to be brave;
If not many subscribe to what
we have to say,
That doesn't mean
we have to change our way.

The truth must be spoken
at all costs and all times
To save people from committing
untold crimes;
If we just choose to become
a people-pleaser

The good fortune of both
will be locked up in a freezer.

Dear Śrīla Prabhupāda,
We need many preachers
who push the movement
forward,

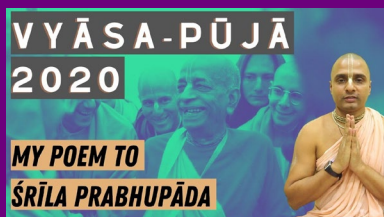

And that means they have to
become
pure inward and outward;
Crucial indeed is to
train such devotees,
I beg to be of service in this
if you so please.

Kindly accept the prayer of
this unworthy dog
Who is completely blinded
by the material fog;
I really don't want to give
this golden chance a pass,
Thus submits the
fervent prayer this lowly
Tattvavit dās.

“With our sādhana strong
and endeavor long,
We have to right
what has gone wrong;
Śrīla Prabhupāda’s mercy
will shine all along
As long as we dance
to his divine song.”

Dear Srila Prabhupada,

You again have proved your statements true
As all these material modern achievements have crumble to its knees by the smallest bug that no one can apprehend.

Our lesson this time has been a harsh one but a required one. This definitely shows us the reality of the material world.

As I am getting more and more entangled in the meshes of this material world in very planned fall downs. You have graciously given me another chance to be nearer and closer to you once again.

I was fearful of slipping away in the duties of married life, but by your mercy I have concluded

that the safest way to practice devotional service is in the constant association of like minded devotees.

I thank you with all my mind body and soul for always guiding me from the beginning of my life. Even though I have been given ample opportunity to drift away somehow or other you have always put me back on track either by a pat on the back or a well deserving slap.

I can clearly see that when I got married every thought was based on my family, my this and my that. But as I surrendered more you have shown that just by changing this me and mine mentally and putting Krishna in the center it will drastically change the rate at which we progress in devotional service.

My only desire is to see the ISKM banner fly high in Singapore with a splendorous temple here and all over the world as well. I thank you for giving me the chance to be part of this project to put you as the sole acharya once again.

As a disciple who is fallen so much, thank you for always keeping your faith in me.

Please continue to give me eternal shelter and service at your lotus feet.

My dearmost Gurudeva Srila
Prabhupada,

Let me start my Vyasa-Puja offering
by reciting from Sanatana Goswami,

“nīca jāti, nīca-saṅgī, patita adhama
kuviṣaya-kūpe paḍi’ goṅāinu
janama!

“I was born in a low family, and my
associates are all low-class men. I
myself am fallen and am the lowest
of men. Indeed, I have passed my
whole life fallen in the well of sinful
materialism.” (CC Madhya 20.99)

My dear gurudeva, this was my
position. My birth was too low
that I didn’t even know who Lord
Jagannath was until I went to one
of our temple. My life was full of
material ambitions and discussions.
I was diving more deeper into
the ocean of material existence
by engaging in all sort of sinful
activities. I was totally unfit to

receive your mercy. But by the
mercy of your disciples in ISKM
Singapore temple I was saved from
the clutches of the material nature.

By serving the devotees headed by
HG Sundar Gopal Prabhu and Sri Sri
Radha Madanamohana, I got the
opportunity of getting your mercy.

mukam karoti vachalam
pangum langhayate girim
yat-kripa tam aham vande
sri-gurum dina-taranam

“I offer my respectful obeisances
unto my spiritual master, the
deliverer of the fallen souls.
His mercy turns the dumb into
eloquent speakers and enables the
lame to cross mountains.”

Thus this unqualified rascal got
your mercy and slowly got elevated
by you to be your menial servant.
Everything was wonderful about
my spiritual life until July 2011 as
I was enjoying the company of
your wonderful disciples in ISKM
Singapore and all of a sudden I was
sent to Pondicherry all alone and
was asked preach in this region.
With great struggle we have already
spent nine years here. Preaching
alone was a not an easy ride but it
was like a roller coaster. So many

challenges and difficult times arouse and at all the time you have guided me very well. Under limiting your power many times this conditioned soul made plans to close this preaching centre and planned to open elsewhere. But you never allowed me to leave this town. Without knowing your plans I was just spending my days.

My Lord now your plans are getting unfold. Despite of not making even a small hut, you have given me a mammoth task of building a huge 108 feet tall temple in this town. But by your causeless mercy everything is going on automatically. Even though the whole world was closed due to the Covid-19 issue, our temple building project was not stopped even a single day since September 8,2019. My dear Lord all sort of support is coming from all sides and we have already moved into the new building. I had a prayer in my last year Vyasa Puja offering that we wished to celebrate this year Krishna Janmashtami in our own building and you have answered the prayer. We have inaugurated the new temple building on Janmashtami day itself.

Not only about temple building project but also many things are getting unfold now. Many sincere souls are willing to join us now. By your mercy I can foresee that you have huge responsibility for this irresponsible idiot. Nevertheless I am prepared for anything as I know very well that I am just going to be a weapon in your own hands in all circumstances. You were the doer.. are the doer.. and forever the doer..

Lord Krishna is called as *uttama sloka* and you are also *uttama sloka* as you are non-different from Krishna. You have to be glorified with suitable prayers. Just like Druva maharaja was given such knowledge with Lord's conch shell, you have given knowledge to this ignorant through your books. With your books you have made those hippies to happies. We have heard that only by the power of Vishnu a meat eater can be turned into a Vaisnava and you have proven that as most of your disciples were meat eaters before receiving your causeless mercy. You are truly a Parivrajakacharya who travels and preach even after leaving your body. You are still travelling around the globe in your books form and enlightening all of us.

My dear Lord during your antya lila (Physical), you have given great nectar to the whole world and thus the whole world was getting transformed like Goloka. You have given nectar to your beloved disciples but they have given you poison desiring name and fame. They have not only given poison to your physical form but also to your books form. You said you are living through your books and they are killing you by editing them.

By the mercy of HG Sundar Gopal Prabhu, we have known our responsibility of putting back the right system you desired and we can see things are getting favourably unfold gradually. You have given me a great responsibility of overseeing the whole India operation and honestly I am not

doing that well. Once you have said, "If Krishna wants He can give you the whole world but can you manage?". Such is my position. Kindly bless me to conquer my internal enemies first before we start the battle externally. I don't ask this to you for getting liberated from this world but in order to serve your preaching mission.

I can see that this temple we are building now is going to be the base for our Indian operation and hence we seek your causeless mercy. We still need more qualified devotees, donors and well-wishers. Kindly continue to keep me at your feet and operate me in your service.

Your unqualified servant,
Prahlaḍ Bhakṭa Dasa,
Temple President, ISKM
Pondicherry.

Dear Srila Prabhupada,

It has been one full-on year of service, since we have moved to our new destination, of which you have given us the right light and certain direction.

This time, unlike many others, has been a rocky trip in the ocean of material matters, and as hard as it may have been for others, I do try to keep at heart what matters and help them on the winding road of unpredictability.

I have been pushing our small yatra, as far as I can think, maybe not enough, though I do still wonder

Some have come to walk with us, but become fed up with the rules and so called injustices, although temporarily perplexed and saddened we may be, we do find the comforts of your talks with glee.

What I do next is certainly a question that be, if it is no trouble, then I beg you to please guide me, on this treacherous path of great uncertainty.

Your vision is nothing short of a miracle, that shines a bright light at the end of the dark tunnel, of where I loath to walk and seldom see that it is due to the lack of my insincerity.

Devotees whom are sincere, are far and rare to see, in the dark age of quarrel and hypocrisy. Though I may be blinded in the webs of my family, we do seek shelter and love of the ISKM Family, especially to those whom we have shared some service with personally.

So Prabhupada, you are my Well Wisher, Father and a Friend that be, but most certainly a guide to our lost eternality.

Forgive this poor soul, although taken under your shelter, he is no better than a dirty rag tossed over.

I do pray day and night to walk with you much closer, and hope that one day my service is not at falter, but to something that pleases you, my Dear Spiritual Master.

Oh dear spiritual master, please accept my eternal obeisances at your lotus feet.

Once more, we have gathered to praise your glories on this most exalted day of your appearance. And once more we shall fall short at describing your infinite glories.

Your love for Krishna is so great that you are feeling strong affection to all His parts and parcels, you are situated in complete love of God, fully satisfied, but you feel pain seeing all the unfortunate creatures rotting within this material world.

You are therefore eternally engaged in reclaiming the fallen souls, you are thus the embodiment of Krsna's mercy, Krsna Krpa murti.

Who can calculate the number of living entities which you have brought back home, back to Godhead.

Lord Caitanya Mahaprabhu has delivered one Jagai and Madhai but you have delivered thousands and still your work isn't done on this earth. For 10,000 years, your instructions will be guiding lost souls to the light of Krishna Consciousness.

From time immemorial, the living entity has been engaged within the shackles of the Durga citadel, suffering the three fold miseries of material existence, rising to heaven and falling into hell again and again, the foolish and rebellious spirit soul is thus eternally conditioned, nitya baddha.

Oh most revered spiritual master, personalities like your self, who have completely taken shelter of the Lotus feet of Lord Krishna, are the only means of deliverance for us, the prisoners of this dark universe.

I wish to try to repay this incalculable mercy which you have bestowed upon us. I know that your most important instructions is that we unite our desire with yours which is itself united with Krishna's, that desire is to preach, when one accepts preaching as his life and soul and thus gives up comfort and

confronts many challenges and obstacles, he has adopted the best means to try to repay you.

Our parampara is a preaching tradition, the knowledge was first imparted to Lord Brahma by Lord Vishnu, this same eternal science of the loving reciprocation between the Lord and His devotees has now been thought by you to us.

We are therefore obliged to you and must try to in-turn give this sublime truth to all our other brothers and sisters who are suffering within the cycle of birth and death.

Oh most exalted Srila Prabhupada, please help me realize how to serve you and how to please you, I wish offer everything that I possess in your service, my wealth, my intelligence, my wife and son, my senses, mind and ego and indeed my very own life, all these I surrender to you for your pleasure.

Please be merciful upon my family and I and spare a place at your lotus feet where we can feel the speck of dust falling from Them and thus smear our heads with this transcendental dust who is all auspicious.

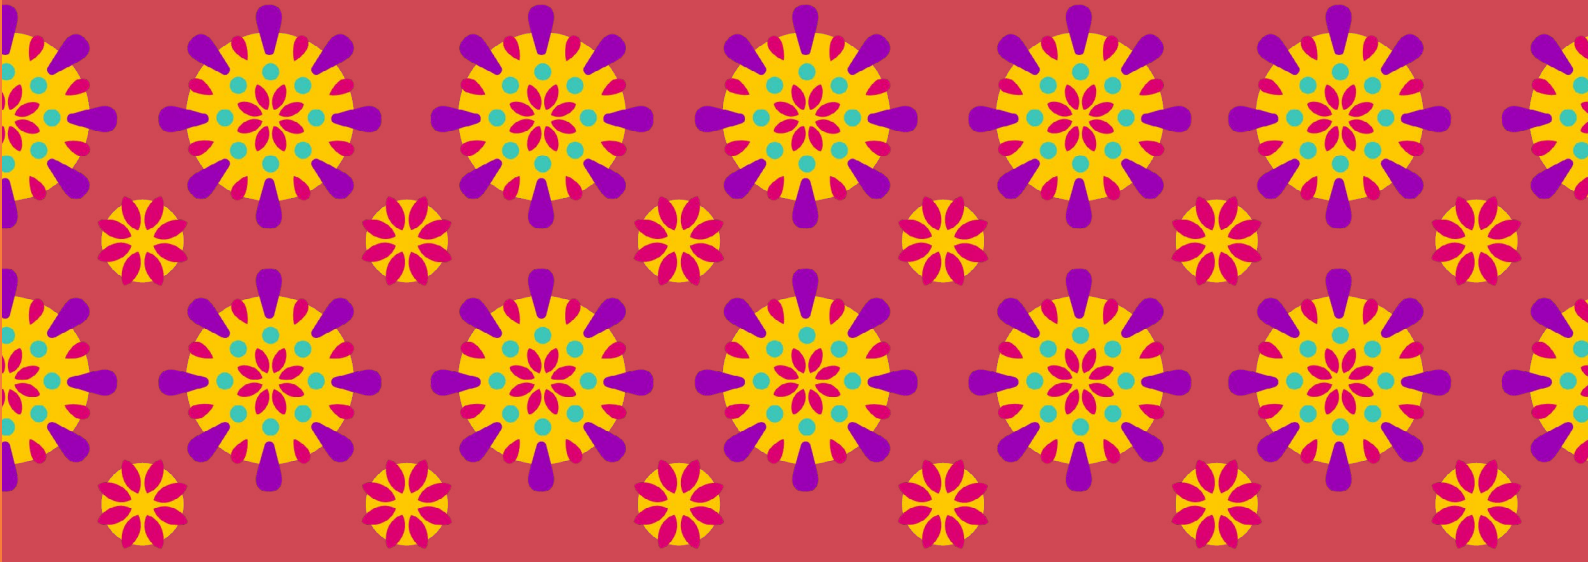

I pray to you on this most auspicious day to be kind enough to glance upon this poor fool.

All Glories to you, All Glories to you, All Glories to you Srila Prabhupada.

The insignificant servant of your servants.

Dear Srila Prabhupada,
Please accept my humble
obeisances.
All glories to you!

Our dear spiritual master
Prabhupada, who have saved
fallen soul like me and always
kept us in his shelter. We always
feel your presence through your
transcendental books. You have
given us the biggest gift of life by
giving us knowledge through your
books.

I am committing so many offences
everyday please forgive me for all
the offences caused. A fallen soul
like me needs your guidance. Please
keep us under your shelter always.
We can never find a spiritual master
like you. Even in such an advanced
age you travelled all over the world
and made thousands of devotees.

You took the trouble to travel so
far to the west to help all the fallen

souls. Only a pure soul like you
can give mercy to others and help
them realise the transcendental
knowledge and take them out of
the clutches of maya. The human
society is so degraded in this Kali
yuga that there is practically no
difference between a human and
an animal, but by your mercy you
have helped us to release the true
meaning of life that is to go back
back to godhead.

Lastly I would pray to my dear
spiritual master to always keep me
under his lotus feet and always
engage me in his service.

Dear Srila Prabhupada, Thank you very much for accepting me as your servant inspite of me being unfit. Thank you for relocating us and giving us an opportunity to do better services.

Dear Prabhupada, I'd like to teach a lil Krishna Consciousness to children as part of Sunday classes or on social media, please give me strength and change all my thoughts deeds and desires to achieve it.

Prabhupada, you very well know my heart's sinful desires and longings. I request you to please nullify all of them in such a way that I spit at the thought of such desires.

Dear Prabhupada, I am going down and down in Saadhana and this

device Mobile is creating havoc in my mind and thoughts.

Anger, jealousy, ego, negligence and what not do I have in me. You brought me to the shelter of your Lotus feet even though I have all these. These are all ruling me, rather than me ruling them.

You definitely know all my problems over here, and how my behaviour is with others and how they are treating me. Dear Prabhupada, kindly rid me of all these and bless me Krishna consciousness in every moment.

DEAR Prabhupada, please bless us(me and my husband) to get rid of all the debts as soon possible and be able to just live to maintain body and soul together.

Thank you Prabhupada.

Dear Srila Prabhupada, Thank you very much for accepting me as your servant inspite of me being unfit. Thank you for relocating us and giving us an opportunity to do better services.

Dear Prabhupada, I'd like to teach a lil Krishna Consciousness to children as part of Sunday classes or on social media, please give me strength and change all my thoughts deeds and desires to achieve it.

Prabhupada, you very well know my heart's sinful desires and longings. I request you to please nullify all of them in such a way that I spit at the thought of such desires.

Dear Prabhupada, I am going down and down in Saadhana and this

device Mobile is creating havoc in my mind and thoughts.

Anger, jealousy, ego, negligence and what not do I have in me. You brought me to the shelter of your Lotus feet even though I have all these. These are all ruling me, rather than me ruling them.

You definitely know all my problems over here, and how my behaviour is with others and how they are treating me. Dear Prabhupada, kindly rid me of all these and bless me Krishna consciousness in every moment.

DEAR Prabhupada, please bless us(me and my husband) to get rid of all the debts as soon possible and be able to just live to maintain body and soul together.

Thank you Prabhupada.

Dear Srila Prabhupad,

I offer my respect humble obeicances unto you I bow down in front of you the most trully beloved servant of Krishna . You are those who deliver the fallen souls like me and giving knowledge how to make progress in spiritual life. Without your books and instructions, I will not be able to achieve any success. You are my real spiritual master to whom I first pray, from whom I can take shelter and teach me to be humble. By listening your lectures I feel always confident, by showing your deep and pure love to Krishna I realize what is the main purpose of my life. You have. distributed the sweet nectar of Srimad-Bhagavatam and transcendental knowledge of Bhagavat Gita all over the world. You are always engaged in special devotional service to Srila Bhakti Sidanta Saraswati Prabhupada and Lord Gauranga. My spiritual master is like a bumble bee

tasting the nectar of the lotus feet of the RadhaRani and Krishna. A. C. Bhakti Vedanta Swami Prabhupada is the greatest preacher of Krishna consciousness in Eastern and Western Worls. With your blessings and mercy I came to Sri Krishna Mandir to serve the divine couple Sri Sri Radha Madana Mohana and devotees.as well to be married for qualified devotee husband like Pavanessvara Prabhu

Hare Krishna Prabhu 🙏

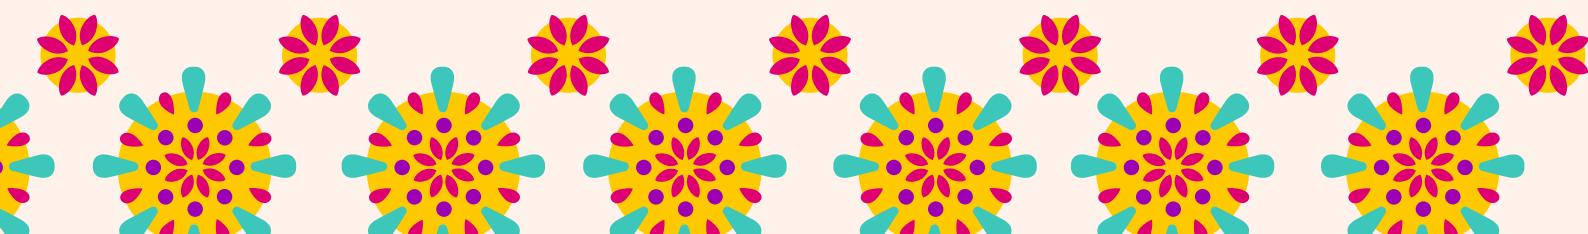

please accept my humble obeisance to your lotus feet 🙏

I was not eligible to touch your books, but whenever I seek a guide, your book came to me in a wonderful way! I was not eligible to hear your words, but you talked to me through your books...all are your mercy, you giving your messages to me, eventhough I'm not eligible to hear.. your books are my asset... your instructions are light in my path... I was very distant from your disciples, so I could not taste Prasadam or devotee association, those services did not reach to me. But, when I cried to see a little light to see my path in that darkness, you could reach me through your books... Eventhough I could not see the clear path, I have blurred vision only, But, I can say ;improved a lot from complete darkness... your words can reach to any distant places who are waiting to taste your nectar like words.. where Prasadam and devotee association can't reach. Just like me... you are living in your books...

So, whenever I get a little freedom from illusion, I will start distribution of your books and messages in all ways which are available to me... please bless me to become your servant...hare Krishna 🙏

My dear Srila Prabhupada, please accept my humble obeisance at your lotus feet.

As an ignorant and lowest of the fallen, I do not have enough words to offer my prayers.

So I borrowed a prayer from Sri Guru Vandana Song - Verse #4:

Our spiritual master is the ocean of mercy, the friend of the poor, and the lord and master of the devotees. O master! Be merciful unto us. Give us the shade of your lotus feet. Your fame is spread all over the three worlds and we take shelter of your lotus feet.

Srila Prabhupada, please kickout out my ignorance out of your causeless mercy to strengthen my devotional service in order to be part of carrying out your mission. Thousands of offences are being performed by me day and night out of my ignorance but thinking of me as a servant, kindly forgive those offences.

My dear devotees, kindly forgive me for all my offences done to you knowingly or unknowingly.

Dearest Srila Prabhupada,
Please accept my humble
obeisances. I offer my respectful
obeisances unto my spiritual
master, the deliverer of the fallen
souls. His mercy converts the stupid
into thoughtful thinkers, allowing
the delusional to cross the valleys.
All glories to you!

Even though the world is facing the
pandemic, All of our ISKM devotees
are working day and night to spread
the Krishna consciousness virus.
This proves that whatever may
happen but the ISKM Devotees
from all around the world will not
stop to spread the Hare Krishna
Movement. Without your blessings
and mercy, nothing would
happened.

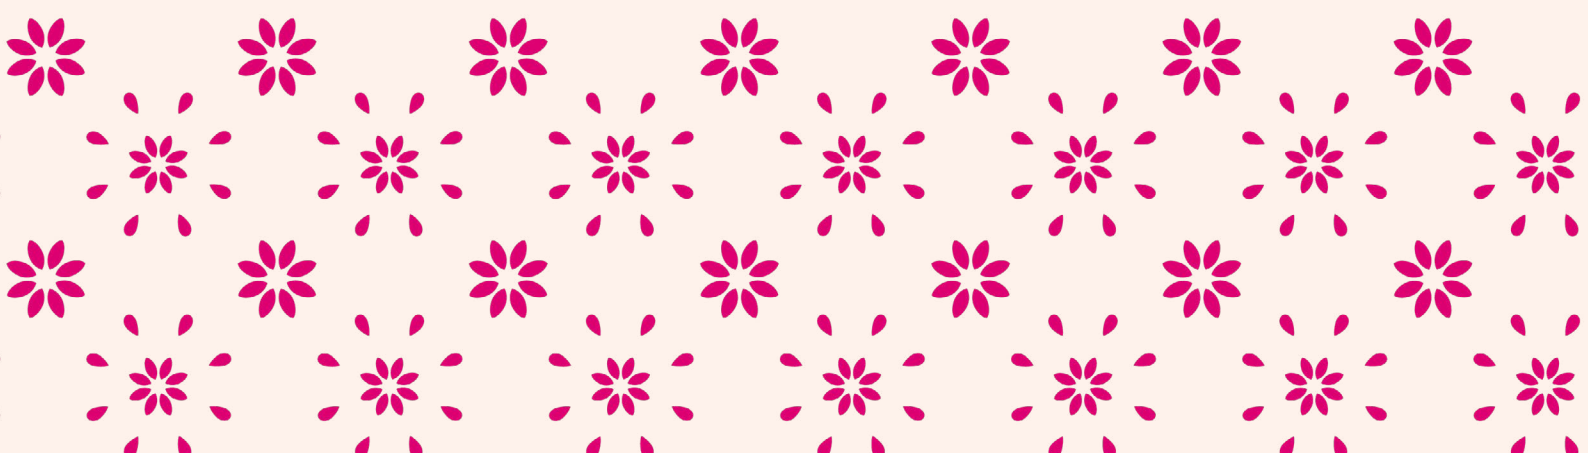

Today we are celebrating my
favorite day of the year: the day of
your arrival to this material world
124 years ago. On this auspicious
day I have come with this
offering just only to worship you,
remembering your lotus feet. On
this day last year I asked your mercy
and also the mercy of the devotees
for me so that I can get initiated.
I am probably the most worthless
soul on this planet. I try to overcome
my ignorance every day, and
actively chant my rounds so that I
do some reading. I have been trying
so hard to make it a part of my life
to do some reading of your books,
and I am reading more compared
to last year and trying my best to
finish reading your books. I do not
have enough words to thank you, as
“thank you” is a very insignificant
word for all your kind efforts in
bringing us closer to Krishna, for
without coming to this movement
and joining INTERNATIONAL SRI
KRISHNA MANDIR SINGAPORE I
would never know the purpose of
my life and probably doing some
imbecile activities. I sincerely
awaited the day of my initiation.
By your unconditional mercy, I
have been blessed by you and the
Lordships and got my initiation this

year. On the day of my initiation I took a pledge to constantly chant the holy name of the lord and follow all the four principles. By your unconditional mercy, till this day I am following all those principles. Please bless me to stay in the Hare Krishna movement and always a servant of the servant of the servant of the devotee. Please bless me by providing me the knowledge so that I may make it a primacy to read your books every single day. Please direct me with your kind mercy so that I may achieve the goal of this human life! Without you and ISKM Singapore, I don't know where

would I be today. I really wish to grow in Krishna Consciousness and spread the Hare Krishna movement as I grow older so please give me your mercy to do so. Please bless me to be in your service till my last breath.

All glories unto your lotus feet. Srila Prabhupada ki Jai!

Your most unworthy servant,

Jai Srila Prabhupada,

All Glories unto you my dear spiritual master His divine Grace A.C.Bhakthivedanta Swami Prabhupada. What can I offer to you Prabhupada? There is no way I can offer anything greater than what you have given me. This year has been enlightening. Despite the current pandemic, I consider myself fortunate to have been a recipient of the knowledge of the right way to chant the holy names of the lord. Thank you Srila Prabhupada. You have given some hope now to this fallen soul. As I had said earlier, I am not a qualified disciple of you but somehow or other I have firm faith that

you are holding my hand. Please continue to do so Prabhupada. Please guide and inspire me and my family in whatever little way so that we are eligible to preach your glories and the glories of your teachings. I am trying my best to inspire my family and relatives but without your mercy it is impossible. I hope you will bless all of us and inspire us in the service of Mahaprabhu and Krishna.

Your servant,
Krishna Chaitanya Dasa.

Dear Srila Prabhupada,

Please accept my humble obeisance
at your Lotus feet.

You are the most confidential
dear servant of the Supreme Lord
Krsna. You appeared in this world to
deliver the conditioned souls who
have fallen into the deep well of
ignorance.

All glories to You, the fountainhead
of all those who went to the
western world to preach the glories
of the holy names of the Lord, the
one who delivered countless fallen
conditioned souls by imparting
upon them the transcendental
science of Krishna consciousness,
and the one who fulfilled the
following prophecy of Caitanya
Mahaprabhu,

“In every town and village, the
chanting of My name will be heard.”

All glories of You, who gave an
opportunity to the fallen souls to
make their human forms of lives
successful by taking to the process
of Krishna consciousness. It is by
Your, causeless mercy that today
numerous devotees are practicing
Krishna bhakti all over the world
in temples opened by You and
your followers. Indeed generations
upon generations shall remain
forever indebted to You for having
bestowed upon them the glorious
possibility of going back home,
back to godhead, by reading your
transcendental books and following
your instructions.

The spiritual master is receiving
benediction from the ocean of
mercy. Just as a cloud pours water
on a forest fire to extinguish it,
so the spiritual master delivers
the materially afflicted world by
extinguishing the blazing fire

of material existence. I offer my respectful obeisances unto the lotus feet of such a spiritual master, who is an ocean of auspicious qualities.

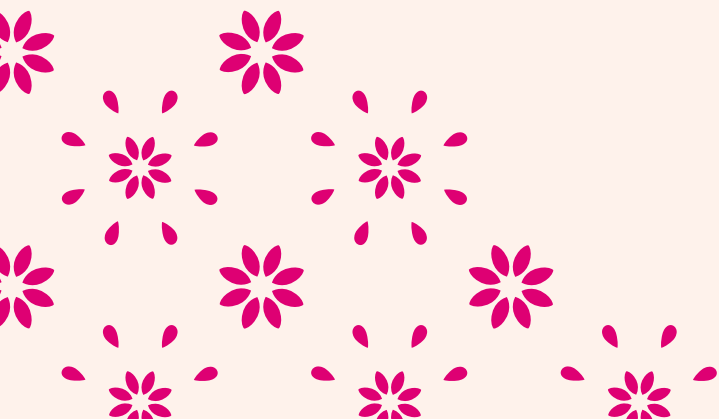

Srila Prabhupada you appeared in this world for the deliverance of all the conditioned souls like me. You are none other than the personification of Sri Krishna's mercy, who has come to deliver us from the miseries of this world and take us to the spiritual realm, where we can directly serve the Supreme Personality of Godhead Krishna and his eternal consort Srimati Radharani.

Srila Prabhupada, for it is only because of you, that today we all are aware of the ultimate goal of life and are working towards achieving it and it is only with your mercy that we shall all one day make it to the spiritual world. It

is you , who has given us the holy names of Shri Krishna, the deity worship, association of devotees and an opportunity to visit holy places, where the lord performed his pastimes. You have given us everything that we need to progress in our spiritual lives and with your mercy we are able to engage in the service of the lord. Your glories are unfathomable

At the present moment, we are in great fear because of this Covid 19 pandemic. We have not been able to discharge our devotional service properly. Please quickly bring an end to all this miseries so that we can practice our devotional service without any fear and anxiety

Dear Srila Prabhupada,

You have kindly given us immense knowledge in the form of books, letters, audio and video lectures. The Krishna Consciousness movement will stay for 10000 years of Kali Yuga and your books will stay forever.

But due to influence of Kali Yuga, people are no more interested in reading. With the emerging of Social Media like WhatsApp, Facebook and YouTube the print media has taken a hit. But the devotees all around the world has utilized this social media for spreading the knowledge given by you. All your original books, audio and video lectures are all available online and are accessible for everyone.

With every effort of the devotees, the Maya also becoming stronger. The people are also losing interest in spirituality. There was a time when the internet data limit was limited and people were reluctant to watch any videos even material. Now with the change in time, the social media platforms are flooded with all materialistic videos. But your disciples are still trying to inculcate Krishna Consciousness to the innocent people using this platform.

My humble self has made a plan to create short videos using your audio lectures where the audio content would as spoken by your lotus mouth and provide suitable video content that can describe your words visibly. So, there won't be any mental speculation.

I beg your mercy to help me in this humble service of spreading your instructions all over the world and get benefited.

My dear Śrīla Prabhupāda, Please accept my humble obeisances at your lotus feet.

My Dear Śrīla Prabhupāda, you are the personal incarnation of Śrī Caitanya Mahāprabhu's words.

*ṛthivīte āche yata nagarādi-grāma
sarvatra pracāra haibe mora nāma*

In every town and village, the chanting of My name will be heard and you have fulfilled this prophecy.

My Dear Śrīla Prabhupāda, You are the personification of Śrī Caitanya Mahāprabhu's Prophecy.

When Jagāi and Mādhāi attacked Lord Nityānanda mercilessly, The Lord showered his limitless mercy upon those 2 rouses saving them

from the inevitable doom of the Sudarśana cakra.

Nityānanda Prabhu delivered Jagāi and Mādhāi, but you, the servant of Lord Nityānanda, by His grace, have delivered millions and millions of Jagāis and Mādhāis.

My Dear Śrīla Prabhupāda, You are the personification of Lord Nityānanda's Mercy!

Śrī Advaita Ācārya, was shedding tears burning with sympathy seeing Kali-yuga jivas devoid of devotional service to Lord Kṛṣṇa. It was his intense compassion which obliged Lord Caitanya Mahāprabhu to appear and save the world from destruction.

In the same way, at the age of 69, out of burning compassion for worthless souls like us, you made an extraordinary voyage which obliged Lord Caitanya to descend in the form of the holy name delivering everyone from the cycle of birth and death.

My dear Śrīla Prabhupāda, You are the personification of Śrī Advaita Ācārya's compassion

When Śrī Caitanya Mahāprabhu suffered from intense separation from Kṛṣṇa, he was enlivened by hearing Śrīmad-Bhāgavatam from Gadādhara Paṇḍita who recited daily to the Lord.

This Śrīmad-Bhāgavatam is so pure that it could only be understood and relished by one who is most purest in their hearts, the paramahamsas, paramo *nirmatsarāṇām satām*. Yet despite lacking any tinge of purtiy, you have presented and recited Śrīmad-Bhāgavatam to such fools and rascals enlivening us from material existence and attracting our rotten mind to the most relishable pastimes of Lord Kṛṣṇa.

My Dear Śrīla Prabhupāda, You are the personification of Śrī Gadādhara Paṇḍita's Srimad Bhagavatam Recitations.

It was in the house of Śrīvāsa Paṇḍita the Lord begun the saṅkīrtana movement. Śrīvāsa Ṭhākura dedicated his soul, mind, body, home, family and friends to the Lord's Hari-Nāma Saṅkīrtana Movement. He was convinced that the holy name alone can deliver these fools and rascals of Kali-yuga.

With the same dedication, conviction and faith in the holy name, you started the entire Hare Kṛṣṇa movement in Tompkins Square Park, simply by singing and chanting the holy name of the Lord.

My Dear Śrīla Prabhupāda, You are the personification of Śrīvāsa Paṇḍita's devotion to Hari-Nāma Saṅkīrtana!

The entire potency of the Pañca-tattva is vested in you. You are the living personification of their inexhaustible mercy.

You are also the personification of Śrīla Haridāsa Ṭhākura's humily and tolerance.

You are the personification of Śrīla Rūpa Gosvāmī's empowerment to write and preach Kṛṣṇa Consciousness.

You are the personification of Śrīla Sanātana Gosvāmī's potency to build colossal temples all over the world.

You are the personification of Śrīla Raghunātha dāsa Gosvāmī's Austerities and Renunciation!

You are the personification of Śrīla Gopāla Bhaṭṭa Gosvāmī's intense devotion for Deity worship!

You are the personification of Śrīla Jiva Gosvāmī's supreme Vedic Scholarship.

You are the personification of Śrīla Narottma dāsa Ṭhākura's poetry. You are the personification of Śrīla Bhaktivinoda Ṭhākura's extraordinary desire to preach in the west!

You are the personification of a rīla Bhaktisiddhānta Sarasvatī Ṭhākura's uncompromising preaching devoid of mundane material motivational talks.

You are unwavering dedication and service to Śrī Guru!

You are the supreme shelter for fallen. You have built a house in which the whole world can live in.

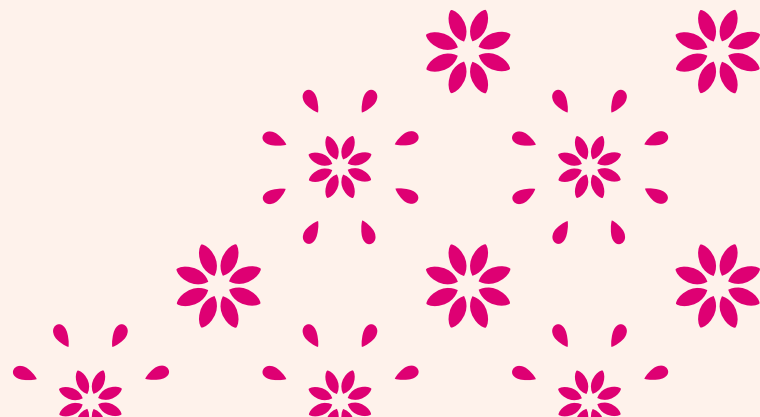

You are the crest jewel of all ācāryas. The entire guru paramparā is resting within you.

Your glory is unlimited. The greatest spiritual master the universe has seen.

I pray for eternal service and shelter at your fearless lotus feet.

Your fallen servant,

Subala dāsa

Rādhānātha dāsa

Hare Krishna and all glories to you, dear spiritual master!

Words cannot express how grateful I am for you to bring this amazing sankirtana movement to the west!

You're love for God has astonished so many to become your follower, giving up everything sinful just by your grace as well as the most beautiful gift you have given us which is the Maha mantra!

Without you I feel would not be here today, I would definitely be insane and fully submerged in the ocean of misery, but you oh Srila Prabhupada, you have given me the torchlight of knowledge, as well so many others who have been lost for so long.

Kindly accept my humble obeisances unto you, Srila Prabhupada. I wish only to serve your lotus feet in this life and the rest.

I feared a lot when I was about to move to foreign country about what happens to my Krishna Consciousness but because of your causeless mercy that you have shown to this fallen soul, you have guided me from inside to come to the right place and given chance for this ineligible soul to do devotional service.

Recently My father passed away. I beg and pray to you to give a chance to that soul to be your eternal servant.

I beg you to shower your mercy on me always like as a cyclone without going into vain. At the same time I beg you to give me energy to drink the nectar of your mercy and continue in your devotional service always unto your lotus feet by following your instruction.

My Dear Srila Prabhupada,

I offer my respectful obeisances unto my Spiritual master, the deliverer of the fallen souls, you saved me from a life of misery and ignorance. By your mercy, the seed of bhakti was planted in my heart and from that moment there was no turning back.

I continue to stumble and succumb to the illusory energy but by your grace, I have never lost faith and hope and every day of my life I am feeling so much gratitude and appreciation for being delivered by you into the light of Krishna consciousness.

I must admit today that for a couple of months I haven't been doing much service due to my health condition. But, writing this offering I am remembering your unmatched activities and glories that I am getting renewed energy to do more service and preaching.

Despite being in old age and suffering many health difficulties, you never stopped preaching Krishna consciousness and never gave up due to material

difficulties. You always acted on the transcendental platform.

I only pray that I can have even a small drop of your determination and energy to serve Lord Krishna. I pray that I can sincerely be in your service life afterlife. Even though I am not able to render personal service to you, please give me the intelligence to be guided by the divine instructions in your books and devotees who are dedicated to your service.

Dear Srila Prabhupada, by your grace I got this opportunity to write an offering unto your lotus feet. Begging for your forgiveness and mercy so that this insignificant namesake disciple of yours may one day become a true disciple of yours.

Srila Prabhupada at this Vyasa Pooja offering I am reminded of your blessings that you showered upon us during our London stay and the little Vyasa Pooja celebration that you blessed us to be part of in association of your aspiring disciples. This year I am truly blessed to be in close association of your disciples and hope to serve the

temple with utmost sincerity as you have guided to do.

In this one-year Srila Prabhupada you have given me enormous responsibilities, preaching, assisting video making and translation services. I humbly beg at your lotus feet that I may fulfil all my spiritual duties for these are my primary duties even as a householder.

Prabhupada, as you mentioned in the purport of SB 10.2.18 (We should note carefully that the Lord was transferred to Devakī not by the ordinary way for a human being, but by dīkṣā, initiation. Thus the importance of initiation is mentioned here.) I wish to thank you for its only by your mercy that firstly you accepted this fallen soul as your disciple and then you blessed Deepak and myself to fulfil my little material desire of having a child. Prabhupada you blessed Deepak and myself with baby Krishna and gave us a responsibility to fulfil as a householder.

Prabhupada, you explained the duty of parenting in SB 5.5.18 (One who cannot deliver his dependents from the path of repeated birth

and death should never become a spiritual master, a father, a husband, a mother or a worshipable demigod.) Further you explained in detail in the purport the importance of the same. (First the father, spiritual master or husband must be able to release the dependent from repeated birth and death. If he cannot do this, he plunges himself into the ocean of reproachment for his unlawful activities. Everyone should be very responsible and take charge of his dependents just as a spiritual master takes charge of his disciple or a father takes charge of his son. All these responsibilities cannot be discharged honestly unless one can save the dependent from repeated birth and death.) Prabhupada, please bless Deepak, baby Krishna and myself to become your worthy disciples and take up Krishna Consciousness with utmost sincerity. We have realized that its only you who is the most merciful Guru, you are Jagat Guru and you have been blessing the whole world with your Vani for your Vani is non-different from you. May all the people in this world take up to your countless blessings and mercy in the form of Krishna Consciousness that you have showered causelessly upon the world in the form of temples, books, lectures, devotees, prasadam, deity worship, services and many more.

Prabhupada, please bless us with more and more association of the devotees for only this process can help everyone progress in Krishna Consciousness. You described this most easiest process for householders in Srimad Bhagvatam

as Narada Muni replied to Maharaja Yudhistira's enquiry in (SB 7.14.2-4: Nārada Muni replied: My dear King, those who stay at home as householders must act to earn their livelihood, and instead of trying to enjoy the results of their work themselves, they should offer these results to Kṛṣṇa, Vāsudeva. How to satisfy Vāsudeva in this life can be perfectly understood through the association of great devotees of the Lord. A gṛhastha must associate again and again with saintly persons, and with great respect he must hear the nectar of the activities of the Supreme Lord and His incarnations as these activities are described in Śrīmad-Bhāgavatam and other Purāṇas. Thus one should gradually become detached from affection for his wife and children, exactly like a man awakening from a dream.)

Prabhupada as you explained to us unlimited times in all the scriptures very kindly given by you that its only by serving, associating and by the mercy of Vaishnavs that we can progress in our Krishna Consciousness. So Prabhupada please keep us always in the association of devotees so that we may come out of our material consciousness and become Krishnaized in this life time. Begging for your mercy to become a true disciple of yours.

Please accept my humble obeisances. All glories to Srila Prabhupada.

Dearest Srila Prabhupada, you showed us an exemplary pure devotee with special qualifications of a Bhakti Yogi, always of service and thinking of Lord Krsna without deviation and without thinking of time or place.

Ones learning of Bhakti Yogi in Krsna Consciousness is in engaging devotional service to the Lord, how else do one know if not for our dearest Spiritual Master Srila Prabhupada. It brings one to sever the hard knots of material affection and enable us to the stage of asamsayam-sanagram “understanding of the Supreme Personality of Godhead”.

Practice of Bhakti Yoga can help anyone rise to the level of Love of God therefore one is sure of his progress into the Spiritual Kingdom of God.

Bhakti Yoga means

1) the Lord is there,
2) the Devotee is there and
3) activity of exchange of Love between the Lord and the Devotee is there.

With love and devotion to you Srila Prabhupada, with all our hearts that with your Grace one can cross the ocean of material sufferings and obtain the mercy of Lord Krsna .

Кем мы были до Шрилы Прабхупады. Кто-нибудь из нас знал имя Бога? Знал о душе, а тем более о ее предназначеньи? животными мы были на двух ногах. Как и они, мы ели, пили, совокуплялись, оборонялись, детей рожали, дрались как кошки и собаки и всю жизнь боролись то с голодом, то с вр
7Посвящается нашему духовному учителю Бхактиведанте Свами Шриле Прабхупаде

Найдем ли мы в мире такие точные слова которые могли бы рассказать о Славе, о величии преданного, посланного Кришной? Вы только вдумайтесь. Он спас нас от миллионов, миллионов жизней в которых душе бы предстояло быть.

8
Он перевел для нас послание Кришны на наш язык. Зачем хитрить и говорить, что если бы не Шрила Прабхупада, то кто-нибудь другой принес бы нам послание от Кришны.

9

А кто другой? Их было много и до прихода Прабхупады, мы даже знаем имена: Вивеканадда, Рамакишна, Клизовский, Шри Ауробиндо, Безант, Блаватская и мн. другие.

10

Но кто из них говорил о Кришне, как о Верховном Господе? И кто из них указал нам путь как вернуться к Кришне? И разве кто-нибудь из них сказал хоть малость о преданности Кришне?

11

Один лишь Шрила Прабхупада пришел как представитель Кришны, и не допуская искажений, в точности передает нам указание Кришны. Практически он посвятил нас в Сознание Кришны.

12

Чтобы очистить ум и чувства, он дал нам Маха-мантру.

Мантра очищает ум, сердце от
анартх, одухотворяет ум.
А одухотворенный ум способен
не только вспомнить Бога, но и
преданно служить Ему.

13

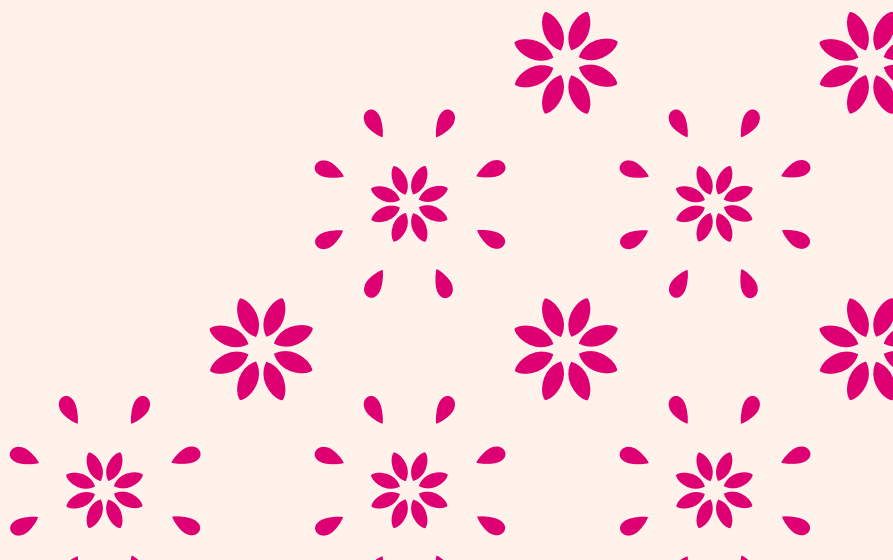

Сам Кришна в «Бхагавад-гите»
говорит: «ман - мана бхава мад
бхакто

мам яджи мам намаскуру» -
«предайся Мне, стань Моим
бхактой, падай ниц передо Мной,
поклоняйся Мне. И Я освобожу
тебя, Я обещаю. Ты вернешься ко
Мне в свой вечный дом и будешь
служить Мне и наслаждаться
вечной жизнью.

14

И далее Кришна в образе Господа
Чайтаньи, для калиюжных душ
дает простой совет, как вернуться
к Кришне. Что нужно делать нам?
Просто воспевать Святое Имя
Кришны и имя Кришны нас
спасет.

Конечно, я не поэт, но сердце
хочет высказаться, потому так
получилось.

Please accept my humble obeisances. All glories to you. Thank you very much for allowing me, the most insignificant soul to become your desciple. You are always with us with your comprehensive books and lectures which always gives me immense strength. In addition, the enthusiasm and devotional service rendered by devotees at ISKM are very much impressive and guiding me to correct my mistakes. The efforts of Vishnu Priya mataji and Nirmala Mataji on vedic children classes are very much appreciable

and because of them, kids are able to develop their interest on Krishna consciousness from tender age. I am ever grateful to you for providing such a great association of devotees. Please continue showering your mercy upon me so that I can serve you better

The lotus feet of our spiritual master are the only way by which we can attain pure devotional service. I bow to his lotus feet with great awe and reverence. By his grace one can cross the ocean of material suffering and obtain the mercy of Kṛṣṇa.

This is the real essence of this material life, to take shelter of Srila Prabhupada and to follow His instructions.

Even though being the most fallen having no qualification for this, I am fortunate enough that in this human birth I got introduced to Krishna consciousness. I was eating

meat before coming into Krishna consciousness. Had I not come across the devotees from iSKM and forced myself to read “Science of Self realisation ” upon their and Madhav Prabhus recommendation I would have lived in the mode of ignorance and passion. I wouldn't have known about the repeated cycle of birth and death and how one in Kal yuga can chant to overcome the miseries of this life. I probably wouldn't have developed love for Krishna and would have continued observing once a year fast on janamashtami like I was doing since childhood (monkey see monkey do) not knowing who Krishna actually is ..

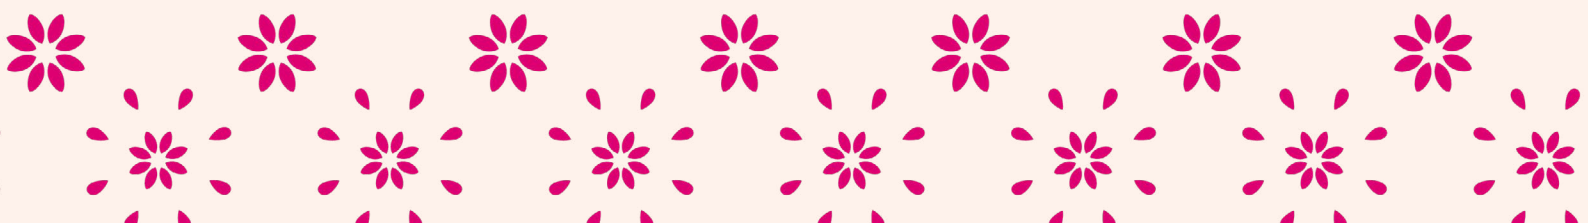

Another thanks to Srila Prabhupada for giving me opportunity to be a part of the gurukul seva. Initially I was not sure about it and did share my concerns with Vishnupriya mataji, but with this seva, I am happy that I am also learning a lot and am happy to see the kids engagement as well.

Though not worth of it I still got this opportunity, it's all because of Srila Prabhupada and Krishnas mercy. They ensured that I don't just do kitchen seva without listening to

regular classes but with gurukul
seva learn more about Krishna
consciousness. Listening to classes
vs teaching others about Krishna
consciousness is more effective
where you learn, you read, you
listen, you prepare to teach the kids,
which makes it embedded in your
brain. So plans have been set for me
.. which I am greatly thankful for.

Srila Prabhupada, I would try my
best to continue and do more and
more seva, learn more and more
about Krishna consciousness.. I
beg of you to please do not ever
abandon me from your service.

Dear Srila Prabhupada, Please accept my humble obeisances at your lotus feet.

Thank-you for accepting me as your disciple 🙏 though I am no where eligible for this. I beg your blessings for making progress in Krishna Consciousness by understanding who I am and what is my prescribed duties. Somehow or other I couldn't make much progress in Krishna Consciousness and I seek the guidance of your disciples to keep me on right path all the time. Being a neophyte I keep doing mistakes by my actions, words and thoughts and I don't know how to correct them if it's repeated, maya is strong at my side and I'm afraid that I might fall from spiritual practice. Srila Prabhupada please make me strong not to be too sensitive, which keeps me in the worry more than spiritual practice. I know you will protect the disciples if we follow the instructions given by you but being a most unintelligent person I couldn't understand it, please help me to practice them strictly and not for show off. Please save me from

false ego, pride and unhappiness. I am no where fit for any service, give me chance to serve you my Spiritual master without false ego. Let me be always humble to everyone. Let my mind always engage in your teachings, which controls my thoughts, actions and words.

Knowingly or unknowingly I would have done many mistakes, Srila Prabhupada please save me from the aparthas and anardhas. I beg you to be my Spiritual master, please give knowledge to understand your teachings. Let me raise the kids in Krishna Consciousness being a obedient wife of a husband, serving them without feeling tired and doing my prescribed duties. Srila Prabhupada please protect us all the time and be with us to continue in Krishna Consciousness movement!

Dear Srila Prabhupada,

Please accept my humble obeisance at your Lotus feet. You appeared on this auspicious day to deliver the conditioned souls suffering from three fold miseries in this material world

In the last twelve years before your disappearance , in spite of advanced age, you circled the globe many times covering six continents. You established many Temples around the world and made thousands of Disciples.

This temples have become centers for spreading this KC movement throughout the world. You authored many books on BG and SB, which has been a guiding lamp even today for those who are seeking absolute Truth Lord Krishna. Your achievements are extraordinary. This is not possible for an ordinary Human being.

This shows that you are the bonafide Representative of The Lord . Being a pure devotee of the

Lord you are very dear to Him. Your glories are unlimited

You have given me an wonderful devotee association through Sri Krishna Mandir, Singapore I will not be able to pay back for this favor by any amount of service.

Now, even after knowing from your books and other devotees I have not being able to give up my materialistic desires. I still have many desires in the core of my heart.

I am engaged in sense gratification which is hampering my progress towards Krishna. You have made it clear through your books that It is only by unmotivated devotional service one can satisfy the Lord

As of now, my heart has been polluted by many desires, without any real Love for the Lord. I can fall down any moment. On this auspicious day, I requesting you to pardon my mistakes and shower your Mercy upon me. Kindly dissipate with shinning lamp of Knowledge, the darkness born out of ignorance. Give me knowledge and detachment, which are the only means for achieving pure love of God head.

Dear Srila Prabhupad!

On this most important and
auspicious day, O beloved master,
we again feel so blessed and
thankful to be able to glorify and
worship your lotus feet.

Every year in vyasa puja offerings i
only could “thank you”. I dont know
where would we be without you
and your causeless mercy. As you
rightly said All aspects of Krishna
consciousness are so simple that
anyone can follow them So what is
the difficulty? Follow the rules and
regulations, worship the Deity, and
chant the Hare Krishna mantra. That
will make us strong to proceed in
spiritual path.

Mostly people aims for becoming
material success thinking, that
there the happiness resides , and

my dear master its you who taught
us that our real happiness is in
returning home, back to Godhead.

As the years go by I understand and
realize more and more how we owe
everything to you. I won't be able
to ever repay you for this rare and
invaluable matchless gift you came
to offer humankind.

This year I feel enthusiastic get
the opportunity by His grace
Sundar Gopal Prabhu to take
up responsibility to conduct the
children class ,and by your grace
,the response is very positive and
number of children are joining is
very inspiring

By your mercy we at ISKM Giving
our children the atmosphere
and training they need to lead a
life of service to Krishna,teaches
the importance of spirituality in
parenting.

This year due lockdown ,We have
introduced ISKM Kids Program
conducts weekly online session
on zoom to educate,enrich,enliven
and encourage the children on
spirituality .

Our ISKM Kids online learning platform for children will play an important role in helping spiritual elevation and enrichment for both children, parents, and help in providing our next generation with valuable knowledge, skills and values of bhakti as taught to us by your divine grace

This special online session during lockdown includes engagement of weekly spiritual activities at home for all kids, Recitation and memorizing of Bhagavad Gita verses, Sri Brahma Samhita verses, Studying the Story from Srimad Bhagavatam, Quiz and many more.

This program has been meticulously spearheaded under the guidance of Temple authority.

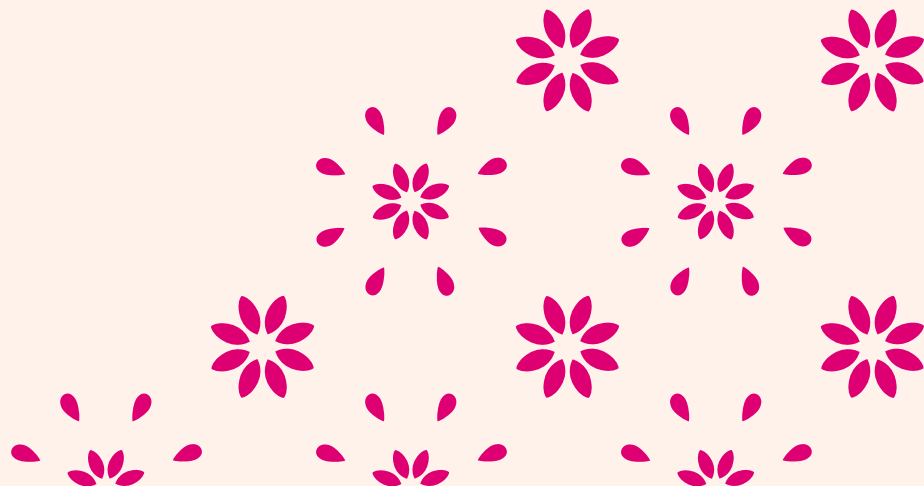

As you rightly said “This human life is meant for understanding Brahman. Ahaṁ brahmāsmi -I am the spirit soul. This is real education.” -Sri Prabhupada
There is no institution, no school, no college, no university where this education is given.

So take care of these children. If you can make one child Krishna conscious, it is a great service. Krishna will be very pleased. So, so many children will come.”

We pray your mercy that children will have positive, happy experiences in Krsna consciousness, so that their lives are filled with an abundance of love and happy Krsna conscious memories.

With bowed head I pray to be engaged as you please, And day by day emerge stronger stronger in combating the powerful Maya on our way back to home, back to godhead

Your humble servant
Vishnu Priya devi dasi.

Dear Śrīla Prabhupāda,

From time to time we are reminded,
Of the troubles that make us so
afflicted.
In this age of quarrel and hypocrisy,
Even the simplest efforts result in
tragedy.

The world is declared as a place of
misery,
Yet hankering and lamenting; that
has been my history
It has always been my greatest
defect,
To trust this world in a way that
results in regrets.

Over and over I am forced to accept,
that arrogance and ego will only
cause regrets.
Even when they speak unworthy
words,
The way I react only makes things
worse.

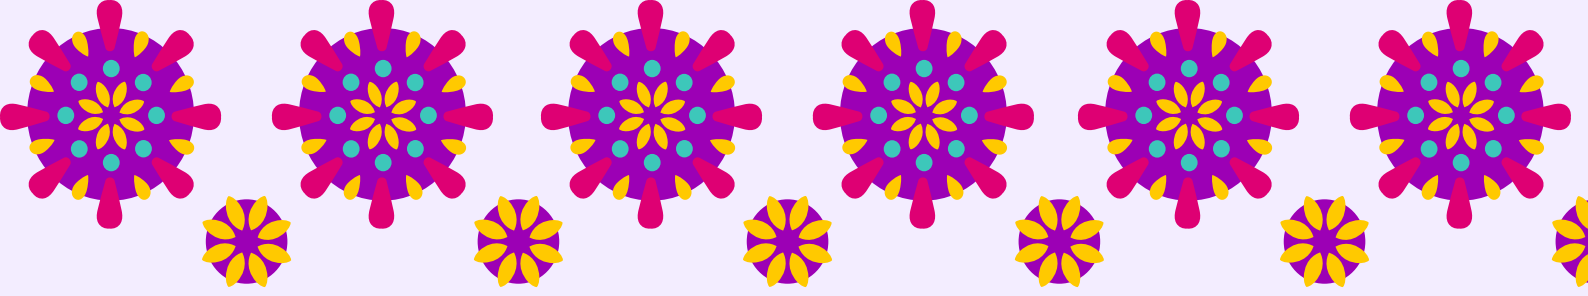

After all such trials and tribulations,
I am left with a sense of sheer
desperation.
The only way to save my hope from
breaking,
Is Your Divine books; our only silver
lining.

It is without a doubt, I can clearly
say,
That without your instructions I
would have lost all faith.
After all, You have so Kindly
explained,
That no matter what happens, your
books are here to stay.

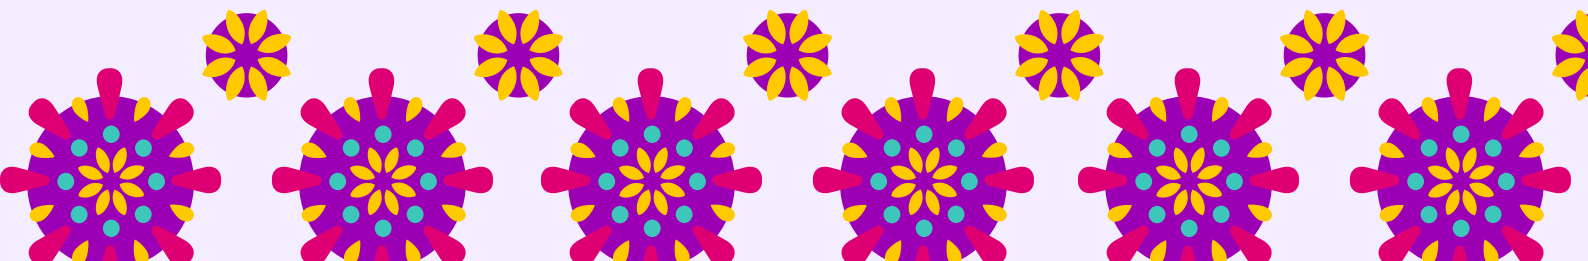

So with folded hands, I most
humbly seek your blessings,
To save this soul whose faith is so
flickering.
Being subjected to society's
frivolous discussions,
it's difficult to stay strong in my
spiritual endeavours.

But with Your books leading the
way,
I fortunately stand a chance from
going astray.
Serving Your Divine Grace is my
only asset,
that mercy alone, saves me from
despairing yet.

Your most fallen servant,

“The spiritual master is to be honored as much as the Supreme Lord, because he is the most confidential servitor of the Lord. This is acknowledged in all revealed scriptures and followed by all authorities. Therefore I offer my respectful obeisances unto the lotus feet of such a spiritual master, who

is a bona fide representative of Sri Hari [Kṛṣṇa].”

Dear Srila Prabhupada, the scriptures glorify your transcendental position. They sing of your virtues. It is because of your causeless compassion that you, at a critical age, went to the west to spread the love of Lord Krishna and hence you have fulfilled the prophecy of Lord Chaitanya.

Please shower your mercy on this fallen soul to come out of this sense of gratification and ignorance and help me in making me realize the real purpose of this material body that I have got in this life.

It is by your grace that the teachings of Lord Chaitanya are spread to every nook and corner of the world. It is by your divine instructions that your disciples have taken to construct beautiful temples which attract millions of people of whom this fallen soul is also one.

O Spiritual Master, you have given the perfect knowledge. Your books answer every question.

We can easily rise up to the level of a brahmana just by following the regulative principles and the chanting of the holy name. Your achievements are above appreciable because no one at your age can make such an immense contribution to mankind. Surely Lord Krishna personally chose you for this mission and made it happen through you for the love you had for the Lord.

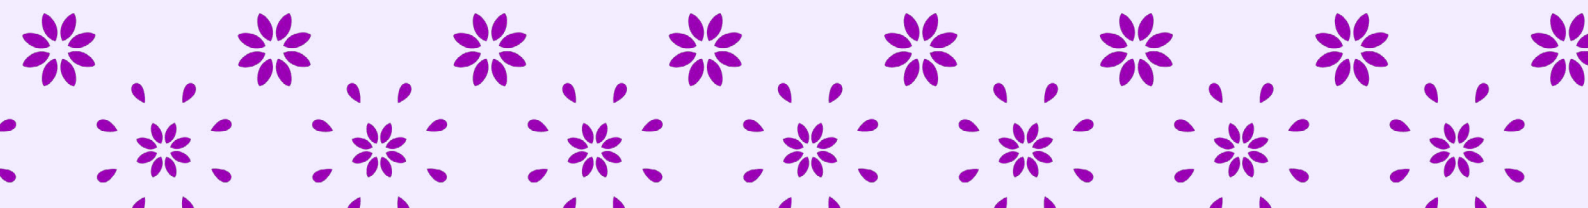

You have personally set the example of the glories of Holy name. You had faith in the holy name and hence you established Krishna consciousness all over the world. Such is the power of the Holy name. Dear, Srila Prabhupada, by your grace I am able to understand and take advantage of this powerful Mahamantra.

Kindly be compassionate on me, śrī-guru karuṇā-sindhu, adhama janāra bandhu, you are the ocean of mercy and the friend of the fallen. Please shower your blessings in achieving the higher taste.

I beg at your lotus feet to kindly engage me in the services of you and your devotees.

Sri Vyasa puja homage by a dog of His Divine Grace Sri Srimad Abhaya Caranaravinda Bhaktivedanta Swami Prabhupada.

August 13 2020,

Madurai.

My dear Srila Prabhupada

Please accept my humble obeisances. I remember 5 years ago, I heard about Hare Krishna - and the devotees who chant thier beads with mahamantra wear gopi chandana and tulasi in thier neck. infact when i came first in August 2016 to the local temple, i was really overwhelmed by the beauty of the deity as well Prasadam.

Well, that was my last Janmastami in my life i had grains. then when i started to read the books, I was completely convinced to accept only your philosophy, i was convinced to accept only Krishna and boycott others. its all because of your causeless mercy. i agree your mercy knew no bounds. even though still im in the trap of Maya coming in various forms. making

myself to think, making myself think im the body, im the senses, even though I practice and do my best, i can't give up those sense gratification cent percent.

please give me a little bit of light in my life. So that soon i can come out of this dark black illusion. clearly could understand, this World and what we think is a complete illusion. because of your mercy, im practicing krishna conciousness past 4 or 5 years. even though few of them are like a big load to me. caksu dan dilo jei janme janme prabhu se - you are my master birth after birth, if that's real, please provide me with your empowered compassion. many things are inside which i cant even say to others. kindly give me the strength to win those and come to the mode of goodness. As because of your mercy im chanting 16 rounds at any cause. please bless me till death, even eternally i should be fixed up in sadhana. i remember in last Vyasa puja letter, I have shared about the obstacles given in my family. Mostly, nowadays they doesn't interfere me. im really happy that you gave me that comfort. I never wished to

preach them but just they need to understand my love towards Krishna. and your good self. In the same home where i was opposed to chant, to leave meat eating. the same place ! The same home, I have celebrated Sri Krsna Janmastami Mahamahotsava and your most divine Appearance day. very gorgeously as i can. As a result, I was completely purified! but i need the same conciousness same through out the life. i beg before you as your menial servant.

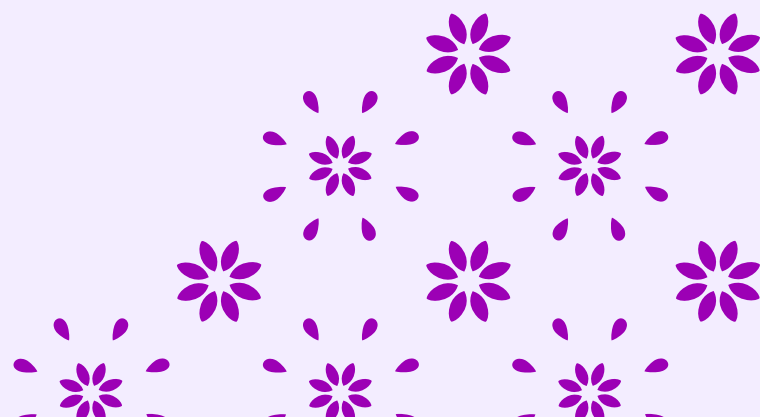

thereby i consider myself as your disciple officially by recieving harinama diksa within the next few years. I Need to understand myself that im no more my body. but maya is cheating me and playing tricks. please give the strength to overcome obstacles. You - my Spiritual master (Gurudeva) the expansion of lord Balarama - the supreme personality of Godhead himself. please give spiritual strength to overcome those inorder to engage more in Krishna conciousness. Also i wish to get rid of my karmi family. if i can live separately and work towards preaching, Harinama and book distribution. Glad this year i got a gem bhakta - he's Subramanya. i can see hes really advanced in philosophy and i wish need a lot of people to push the movement.

My only wish is to be your DOG. whatever you have said thats my way. soon i would improve my spiritual life as more as i can. i hope soon

i may engage in krishnas service if you give your causeless mercy. without your mercy, i would never be a Vaishnava (or) what are Vedas or what are Sastras.. its all only by YOU because of YOU!!!!!!
THANK YOU VERY MUCH

By the mercy of the lord and Srila Prabhupad I have learned from chapter 12 of bhagavat Gita about devotional service and how we can attain the lotus feet of the lord by pure devotion from the stories in srimad bhagavatam and memorise the 29 verses of Brahma samita.

Western countries, which are filled
with impersonalism and voidism.

Dear Srila Prabhupada,

Please accept my humble
obeisances,

One year ago I poured my heart
onto a page, and you have
reciprocated with me so much
since then. Although undeserving

and unqualified, I am very grateful
to have been brought within the
fold of your sincere followers. In
comparison to them, I am nothing
at all. Please allow me to always be
conscious of this, and to never take
their association for granted. Please
always remind me, that those who
have sacrificed so much to keep
your original movement intact are
your dear-most servants and that
my head must remain firmly at their
feet. I pray to remember that I am
always their servant, just as much as
I am yours, for without their efforts
I would not have the opportunity
that I do today.

So much has happened in the
past twelve months. Our world
has been irreversibly altered, and
we find ourselves in a dangerous
predicament. As those in the halls
of power continue to exploit this
crisis to consolidate their grip on
the world, we have the opportunity
to remember just how dangerous
and volatile this world of so-called
enjoyment really is. In a world
where people and property are
seen as objects of control and
exploitation, it follows that today's
oppressor becomes tomorrow's
oppressed. As such, there are no

innocent victims in this world – what to speak of me.

As the reality of the world's despotic predicament comes increasingly into focus, and as the designs of the orchestrators of chaos are laid bare, it seems that the world is very nearly in chains. And while we are obliged to accept the collective karmic reactions which are being dished out to us, I am also afraid of the future of widespread propagation of genuine Krishna consciousness, if this course of events continues.

Srimad Bhagavatam 7.2.13 – 16: “Thus the demons, being fond of disastrous activities, took Hiraṇyakaśipu's instructions on their heads with great respect and offered him obeisances. According to his directions, they engaged in envious activities directed against all living beings.

The demons set fire to the cities, villages, pasturing grounds, cowpens, gardens, agricultural fields and natural forests. They burned the hermitages of the saintly persons, the important mines that produced valuable metals, the residential quarters of the agriculturalists, the mountain villages, and the villages of the cow protectors, the cowherd men. They also burned the government capitals.

Some of the demons took digging instruments and broke down the bridges, the protective walls and the gates [gopuras] of the cities. Some took axes and began cutting the important trees that produced

mango, jackfruit and other sources of food. Some of the demons took firebrands and set fire to the residential quarters of the citizens. Thus disturbed again and again by the unnatural occurrences caused by the followers of Hiraṇyakaśipu, all the people had to cease the activities of Vedic culture. Not receiving the results of yajña, the demigods also became disturbed. They left their residential quarters in the heavenly planets and, unobserved by the demons, began wandering on the planet earth to see the disasters.”

Just as the calamities brought about by the asuras have often precluded the advent of the Lord's merciful incarnations, perhaps this situation will bring us to our knees, where we can for once, chant the Holy Names in a state of genuine surrender. As the global health crisis is being seized upon by political predators as an opportunity to advance their control, perhaps we might view this situation as a facility for increasing our dependence on Lord Sri Krishna, and you, our most merciful Spiritual Master.

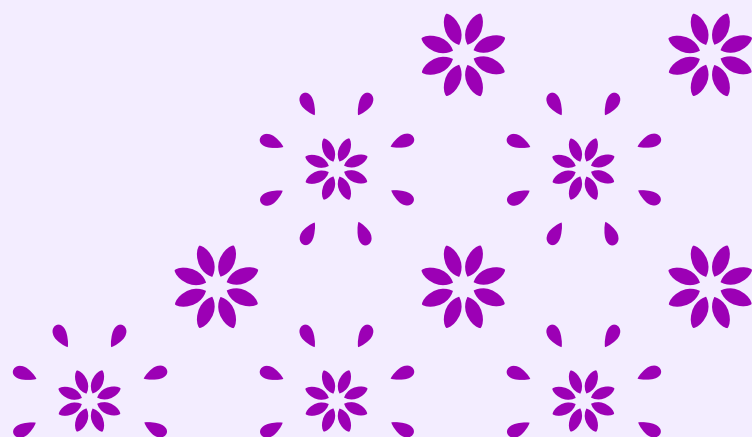

I have been a debtor to you from the very day in which the seed of unknowing devotional service was sown in my heart. Not so dissimilar to the extraordinary debt which is being raked in from various nations in the wake of this crisis, the debt I owe to you is also never able to be repaid. It is a feature of the transcendental dichotomy however, that an eternity of indebtedness to His Divine Grace A.C. Bhaktivedanta Swami Prabhupada, is the most

marvelous debt one could ever hope to have. As such, I willingly subscribe myself to an eternity as your servant, and you may exact whatever tariffs you wish.

There is so much to do to expand your mission, and we are running out of time! Please help me to overcome these obstacles, to throw aside the circumstances which always hold me back. On my own, I am beyond useless. By my own karmic lot, I cannot even sleep properly, so how can I do anything on my own strength? As you have full cognizance of the obstacles at hand, please lift me above my limitations, please help me to be of service at this most critical time.

Although I am incapable of repaying my debt to you, please accept whatever duration of life I have left as a token repayment.

Dear Prabhupada
Thank you for writing so many
books about Krishna especially
Bhagavad Gītā. I have memorized

understood about soul and avatars.

I promise I will chant regularly.
Thank you 🙏

Śrīla Prabhupāda,

I bow down before you to admit my inferiority in every way compared to your exalted personality saturated with transcendental attributes. Actually, I have no material talents, what to speak of any spiritual asset. My existence is one infinitesimal zero.

I thought myself the controller of destiny but frustration and anger were my companions. Despair was mounting in my heart in the face of unsurmounting Time. Confusion has been my part because of the discrepancy between the tracks treaded by trusted teachers and the naked reality of material meaninglessness. Fleeing failure and futility in ordinary life diving into the murk of materialism and disgusting degeneration, unapologetic animalism and fantasy gaming, my heart gradually filled up with the anxiety of the accelerating approach of game over, dousing the flame of my life. Doom was upon my head as the Moon, ruthlessly following all wherever one goes, even though about what shape this Doom would

take, and how high really is the stake, an idea I could not yet make.

Then you appeared as a book, nonchalantly foisted into my scope by unwitting messengers. I read your Geeta, version sans purports, and I was left in wonder but without understanding. Somehow finding an article about you, negative review, I became more interested in your personage because I am always drawn to drama and contention.

Not knowing which force compelled me, I increased the intake of your medicinal voice, form and conclusions, and decreased my intake of nonsense. My intelligence dawned as a faint glow through the mist and causelessly I became a theist. I don't know how it happened.

Chant and be happy was the motto I picked up and eventually I forced my iron tongue to utter the Name metallicly, mechanically. 16 rounds daily I scraped the Name off my tongue with great effort. The only ruci that resulted was the bitter taste of offense.

Śrīla Prabhupāda, you're a spiritual swindler, because I have no devotion and no love and still you cheated me into the process of purification, by promising the summit of salvation for the small price of a lended ear and mouth. But now every day you are increasing the conditions and making me your eternal servant, because I can not repay the debts, which are increasing with interest at every moment. I can simply hope my transparent bribes will be accepted by you as tokens of devotion.

Śrīla Prabhupāda, please accept me as your eternal son because a father does not reject the son even if the son lacks gratitude and obedience. But if the son after all makes a genuine gesture of affection, the father is very pleased to tears and pleads for his child to stay under his shelter.

Śrīla Prabhupāda, you can kick on my face, but please do not neglect me, because I have become very afraid of this material world, knowing her Controller has rejected me. I am an insignificant demon and my motives are self-interested, but I know now my only hope is your causeless mercy, which is for the devotees, but for the demons also. You are the friend of everyone. And I am in need of a friend.

Your simultaneously aspiring and unwilling servant,

Please accept my humble obeisances. Thankyou for giving me an opportunity to join in the ISKM Children's Classes and Your divine blessings upon me due to which I am able to learn many things and hence, improve myself spiritually. By Your mercy, I will be able to know about the importance and the necessity of leading a life of service to Krishna. By your Divine Grace, I have been able to learn a few verses of the Brahma Samhita as well as two verses of the Srimad Bhagavad Gita till now.

I am happy to be a part of the ISKM Children's Classes and thankful for the knowledge we have been getting due to You. I recently started taking the classes and hence, I am new to this Krishna

Consciousness Program. I am thankful for this opportunity and I am sure that with Your divine blessings, I will surely be able to know how to live a life in the service of Krishna, thus being able to live a life filled with happiness and positive energy, a life without the powerful effects of Maya.

Dear Srila Prabhupada,

I want to start out my homage asking you humbly for your forgiveness. I'm such a fallen person and I make so many mistakes, knowingly and unknowingly. I know that I will continue making mistakes, for that is my nature as a human being. Please do forgive me.

Yet, given all my handicaps, I cannot fathom to this day how fortunate I have been to be in your association through your temples, books and devotees. I pray to Krishna in gratitude; He has guided me in doing some good work in some past life, He has forgiven some of my bygone offences due to which He has mercifully given me this seed of desire to learn more about him in a spirit of love and knowledge through your association in my current life.

To think what my life would've been without this association, I cannot imagine. I will be ever so thankful for the books you have painstakingly written, which I read every night. I will be ever so grateful for the importance of chanting that you dedicated your life to propagating; chanting has truly changed my life.

This life is all I've got, and I have to do something about it. If I have been blessed with the brains to advance in my chosen scientific field, I should have the brains to understand the importance of advancing spiritually. But you know about the roadblocks I might face. I request that you kindly vanquish them and give me the strength to advance spiritually and look upon me mercifully so that I can make the most of this lifetime.

Till then, I'll work hard on my chanting and reading. My heart and mind are still too dusty and heavy with karmic baggage, and so I will to work on cleansing them first. Please guide me.

I give my obeisances to your lotus feet.

“I offer my respectful obeisances unto His Divine Grace A.C. Bhaktivedanta Swami Prabhupada, who is very dear to Lord Krishna on this earth, having taken shelter at His lotus feet.

Our respectful obeisances are unto you, O spiritual master, servant of Sarasvati Gosvami. You are kindly preaching the message of Lord Chaitanya deva and delivering the Western countries, which are filled with impersonalism and voidism.”

By the Mercy of yours, one thing is getting more and more clear to me with each passing day that this world is really a place of suffering only and having the idea to get happiness materially is just the phantasmagoria. Everyone is suffering here, some are suffering

on gross level and some are on subtle level.

But out of your causeless mercy and compassion, you gave the world such a nice and sublime process to get out of this place which is meant for suffering. Your transcendental books changed so many lives who were on the edge to die out of frustration. Because in this world by the mercy of Krishna somehow so many people get to know that they are suffering but just knowing that this world is a place of suffering is not enough, one has to have some positive engagement to get out of this suffering and without such positive engagement, one kills himself out of frustration.

Thank you Srila Prabhupada for giving such positive engagement to the world and inspiring so many souls to chant,

“Hare Krishna Hare Krishna
Krishna Krishna Hare Hare
Hare Rama Hare Rama
Rama Rama Hare Hare”

Whoever comes in touch with this Mantra or Krishna Consciousness philosophy is really very fortunate.

You showed by your lila that at the age of 69 when you neither had

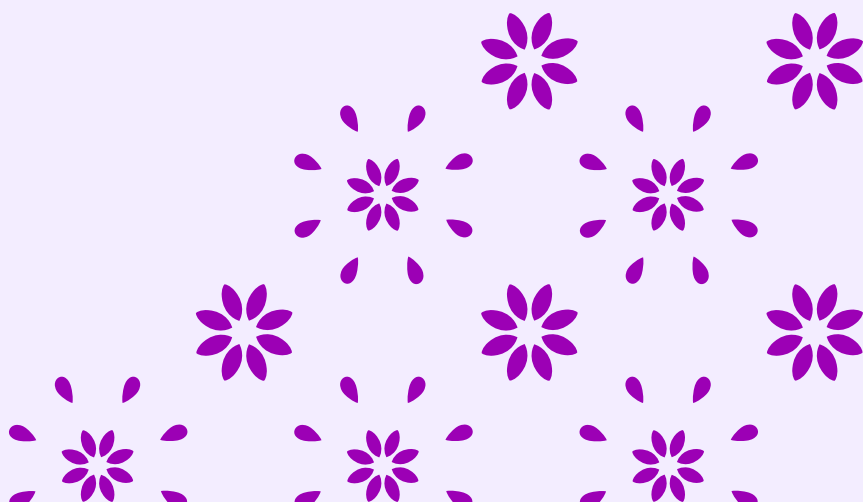

money nor had physical strength
nor any man power, in other words
it may seem that you were totally
powerless but since you had
Krishna with you, You became Most
Powerful...

Thank you Srila Prabhupada for
spreading Krishna Consciousness
movement.

I wish, I could become a qualified

Hare Krishna, Srila Prabhupada!

Please accept my humble obeisances. All Glories to you! By your grace and Lord Sri Krishna's mercy, I got introduced to Krishna Consciousness in 2015. Since then, I find your books very attractive. I find it so practical and try to apply the principles which you highlight. I must say that your devotees are amazing and they guide me often.

Though I have failed many times to chant 16 rounds everyday, I have again taken the step to complete my prescribed rounds everyday. Please bless me so that I continue in this endeavour. I wish to make Krishna Consciousness my life goal because I see meaning in this, by your blessings. Please keep me under your shelter always so that maya does not get the better of me. I want you as my guide and mentor so that I take every single decision in my life with you in the center.

Thank you very much, Prabhupada.

Dear Srila Prabhupada,

You have been the saving grace for preservation and proliferation of Vedic Culture

You have undertaken Incomparable Struggle To propagate Krishna Consciousness in its pristine form and Bestow mercy to the people at large.

With the help of your works you have enabled the Jivas to know How stifled is the view to brand Lord Krishna as a Hindu God, while He is the Lord of the Universe. Your avant garde vision was miles in future even in 5 decades ago. Your books has so unambiguously established how relevant are Lord Krishna's Instructions in our Cosmopolitan Society or otherwise. When there is a Dead-End in life, it's the Bhagavad Gita as it is that paves the way out.

With a personality Of such stature having such an illustrious contribution to the Gaudia Vaishnav Sampradaya , It just makes me feel way too insignificant to have some one like you as my Guru. I am very sinful , insincere and in the deep pangs of materialism with incessant desires.

And With all these anarthas I feel too small to draw your attention even a slightest and please you In any little way.

I have been a 'work in progress' and still not been abl to take the leap of faith and work towards getting initiated because I am Not serious as much and still do not consider spiritual life the only priority.

Thank you for giving me an opportunity to associate with your Bonafide disciples and transcendental books.

Please continue to shower your mercy on this incorrigible soul and give me strength to take the next step and thus accept me as one of your disciples.

Hare Kṛṣṇa, kindly please accept my humble obeisances, All glories to you !

I was in the darkest of ignorance truly, considered myself an intense truth seeker, ready to change the world ha! Went from being an atheist ,to a daoist, to a new age spiritualist, to a social activist-media person, to being a part of the worst mayavadi cult! How gullible.

Foolishly I always wanted to change the world without knowing who I am, deluded by so many layers of ignorance. How can I change the world, if I don't know who I am ? However, you taught us who we truly are, no mundane labels, but only the eternal servitors of the Supreme Personality of Godhead,Kṛṣṇa.

You are the most merciful Dear Spiritual Master. I can say this because you have let me in the

understanding of the science of Kṛṣṇa consciousness, despite the unspeakable offences I have done in this lifetime and millions of others. Your mercy alone is inconceivable to me, let alone understanding our inconceivable dear Lord Hari.

In this past couple of months, I am beginning to understand the depth of it, your importance and your movement, still scratching the surface I believe.

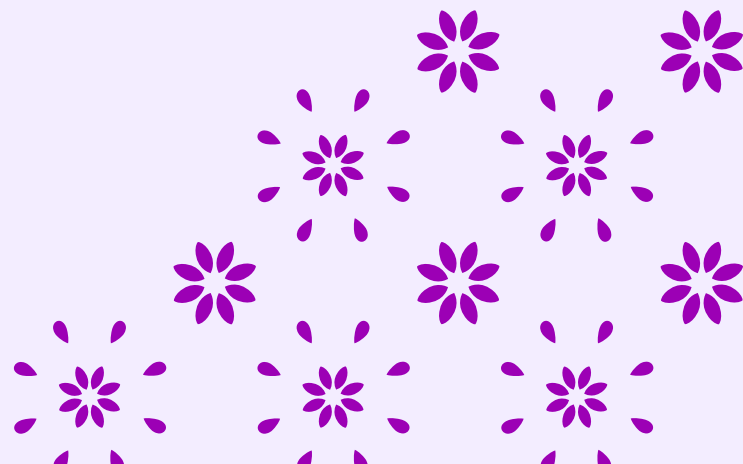

It's very unfortunate to know what happened to your establishment, but it is not dead yet, right? I was wondering...then somehow after many bogus gurus I was introduced to your real ISKCON and your Final order - now ISKM, finally I was relieved to know that you are The Only True Spiritual Master, and I don't have to have any middlemen in between!

There can be no other like
you in this age, for you are the
personification of Kṛṣṇa's mercy. I
feel so much safer now, knowing
the possibility that I can get shelter
at your lotus feet.

I wish to serve you more and more
Dear Śrīla Prabhupāda,- with the
little videos I make, by becoming
a stronger devotee from now on,
by preaching Kṛṣṇa Consciousness
with the understanding I have and
by humbly serving those who are
serving you.

I am indebted to you eternally, for
that I can never ever think to repay.
Although I am just beginning to
understand you and your glories,
Kindly always keep an eye on me
and give me the right cognitions
when I read your books.
Kindly please always have your
mercy upon me as I am the most
bewildered of the lot.

I know I have not been able to
follow up to your instructions
strictly and sincerely. I profusely beg
your forgiveness for that. Without
devotee association, my spiritual life

please bless with atleast 1% of
seriousness that you have in Krishna

perfect servant for you, that too for
your pleasure only.

I beg at your lotus feets only for
one thing. Please oh please, allow
me to be a good servant for you
eternally birth after birth. I must
be very devoted to your lotus feets
in every second of my life, even if
I get the body of a hog in the next
birth. Basically, no matter what I
am or where I am, allow me to be
your servant eternally no matter
what. I must be well-versed in
your philosophy so as to advance
personally and to help others
advance as well. I must speak,
do and think only what you have
taught me. That's all I humbly beg
of you. Please protect me from
maya using your lotus feets as
divine shelter for my digusting and

My only dream and desire is to be

Śrī Krishna for such a blessing.

Please accept my recent painting as
my offering to you dear Gurudeva.
Hope you love it. I painted it soley

I will get back to my 16 rounds of

just struggling a lot in ny demonic

do not need to explain myself for
you and Krishna have always been

that due to my own ignorance. I will
patiently wait for Krishna to make
the arrangements for my spiritual
life to be in a more conducive

All Glories unto You on the day of
appearance of Your Divine Self

The Glories of Your Divine Self
cannot be explained by words. How
much more mercy can a personality
bestow upon this useless soul?

And how causeless is this mercy!
This useless soul does not deserve
the least bit of the attention of
Your Divine Self, but still Your
Divine Self has bestowed upon
this useless soul, the priceless and
pristine Kṛṣṇa consciousness, and
that too forcefully, just the way
Lord Nityānanda bestowed His
mercy upon the miscreants Jagāi
and Mādhāi. But this soul is even
more rascal than Jagāi and Mādhāi
themselves. Despite this, Your
Divine Self have forcefully bestowed
Your mercy upon this useless soul.

As Śrīla Viśvanātha Cakravartī
Ṭhākura puts it aptly in His
Gurvāṣṭakam:

*yasya prasādāt bhagavat prasāda
yasyāprasādāt na gatiḥ kuto'pi*

That when such a spiritual master
bestows His mercy upon a being,
even the Supreme Lord Kṛṣṇa also
bestows His mercy upon that being,
and otherwise that being goes
nowhere, this useless soul humbly
and sincerely pleads the mercy of
Your Divine Self upon this useless
soul to advance in the path to
Godhead, even though this soul is
so fallen and unworthy to receive
such a benediction.

*mo sama patita prabhu nā pāibe
āra*

Hence, this humble self pleads to
be in association of Your Divine Self
and also with Your servants and also
serve them with a straw in between
my teeth, humbly.

Dear Shrila Prabhupada,
Please do accept my humble
obeisances.

Although I have no qualifications to
offer any homage on this auspicious
day of Vyasa Pooja, yet, opening my
prayers of heart before you. Kindly
help me to be honest and sincere
while writing through.

Since Nithyananda Trayodashi, Feb
7th, by the grace of Krishna and you,
I started chanting 16 rounds and
am also trying to follow regulative
principles.

If at all I am holding on to these
principles to some extent, it means
that it is your merciful blessings
that wants to bring me in divine
association with Tattvavit Prabhuji
and other devotees of ISKM here,
or else I would have fallen down
drastically.

When we start the process of
Bhakti, Krishna tests His devotees
badly. So, it is with me. I am
struggling to walk on the path
of Krishna consciousness, facing
problems, misunderstandings,
criticism, from my husband. This
reminds me the 39th verse of
Mukundamala.

tyajantu bāndhavāḥ sarve
nindantu guravo janāḥ
tathāpi paramānando
govindo mama jīvanam

“ Let my relatives all abandon me
and my superiors condemn me.
Still, the supremely blissful Govinda
remains my life and soul.”

This verse inspires and makes me to
hold on to your path.

Prabhupada, when I compare my
problems with Pralhad Maharaj,
Dhruva Maharaj, Rani Kunti,
Pandavas, Haridas Thakur
and all, what I am facing is very
insignificant. Can't you accept this
fallen soul and uplift!!!

Though I am so unworthy but still
seek your causeless mercy to heal
the rifts between my husband and

myself and to come together as a family at your lotus feet.

Seek your blessings to engage me in your service.

Seek your blessings to inculcate your teachings on my way in the right spirit.

Seek your blessings to bestow upon rasa in chanting.

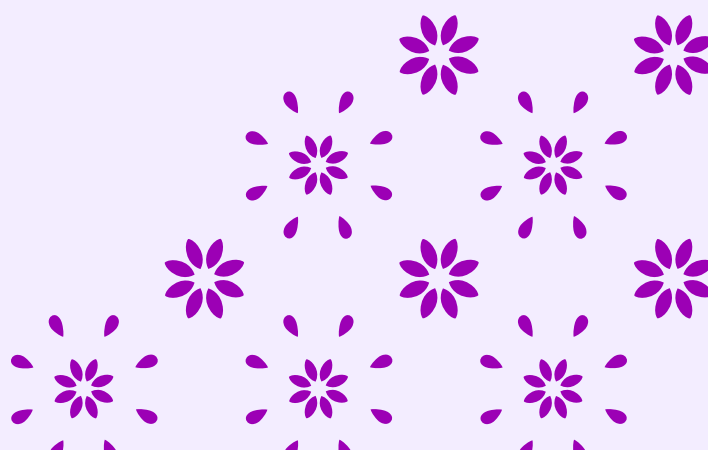

Seek your blessings in study of our scriptures, which you have written in commentary.

Seek your blessings to be more attentive in listening Harikatha from your pure devotees.

I am not qualified to take initiation. Yet, accept and help me to cross over this ocean of samsara and please don't make me take birth in another womb.

Thank you for bearing me, Shrila Prabhupada.
All glories to Krishna, all glories to You, all glories to Guru Gauranga.

I wish I could somehow please you, I am trying a little to be a sincere surrendered devotee but my attempt falls far short of what it takes to be a surrendered devotee. Therefore it does make me want to cry that I am so far off the mark, but I have a tiny slither of hope that maybe I can be a devotee one day but I also fully realise that it would only become possible by your mercy. Therefore I am begging for your mercy, that I fully surrender and serve you in a way pleasing

வாசித்தல், பகவானுக்கு ஆரத்தி
எடுத்தல், நையவேத்யம் செய்தல்,
தங்களைப்பற்றி நால்வருக்கு
எடுத்துரைப்பதும் நாம் யார்...
இறைவன் யார்.. என்பதை
நன்கு அறிந்து கொண்டேன்,
மிகத்தெளிவாக
உள்ளேன். இன்னும்
தெரிந்துகொள்ள விழைகிறேன்.

தங்கள் பாதம் சரணம்

இப்படிக்கு தங்கள் சிடன்

பக்த. சிங்காரவேலன்.

நன்றி! நன்றி! நன்றி!
